3. The agreed upon price is below what was expected and budgeted for for the 1977 budget. Which is a fact while all the conflicting information on other rates in subject to a great deal of interpretation.
4. We have no assurance if this bid is denied that the Bond requirement could be met by the companies.
5. ~~although~~ although I agree with the proposal to extend the agreement 1 yr - it was made very clear to us that this is not legally possible.
6. If I vote to deny this bid ~~I am~~, and an adequate exhibit, period of 30 days is allowed, this would take us to mid Nov. - I am not convinced that this would allow adequate time for another company to get its equipment into town and function.
7. I conclude - this is the worst kind contract I have ever witnessed but, for the good of the community I feel I must vote yes.
